Dragon Age: Asunder

Return to the dark fantasy world created for the award-winning, triple platinum role-playing video game, Dragon Age™: Origins in this third tie-in novel, Dragon Age: Asunder by David Gaider! A mystical killer stalks the halls of the White Spire, the heart of templar power in the mighty Orlesian Empire. To prove his innocence, Rhys reluctantly embarks on a journey into the western wastelands that will not only reveal much more than he bargained for but change the fate of his fellow mages forever.

Dreams: (From Volumes 4, 8, 12, and 16 of the Collected Works of C. G. Jung) (Jung Extracts)

Dream analysis is a distinctive and foundational part of analytical psychology, the school of psychology founded by C. G. Jung and his successors. This volume collects Jung's most insightful contributions to the study of dreams and their meaning. The essays in this volume, written by Jung between 1

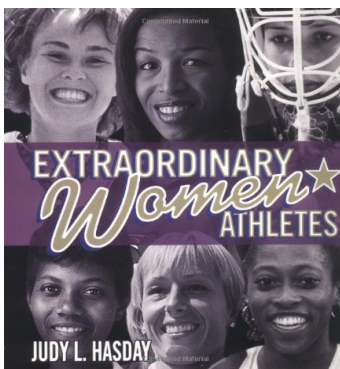

The Iliad: A New Translation by Peter Green

One of the oldest extant works of Western literature, the Iliad is a timeless epic poem of great warriors trapped between their own heroic pride and the arbitrary, often vicious decisions of fate and the gods. Renowned scholar and acclaimed translator Peter Green captures the Iliad in all its s

What others say about this ebook:

Review 1:

I immediately loved Cole as a character while playing Inquisition, and was happy to become acquainted with this original rendition of him.

Review 2:

I was please.

Review 3:

I believe those familiar with Thedas and the Dragon Age universe need no introduction to David Gaider's work. This book is just as amazing as his previous works, giving an insight to Cole's character pre-game and revealing HUGE surprises regarding Wynne. I strongly recommend it. You've got to love Cole. And I almost forgave Wynne.

Review 4:

IMO this book is a Must Read for any and all Dragon Age fans. I think any regular Fantasy Fan can also enjoy this book, but of course you would be a bit lost not knowing the setting as well as the fans do, either way it's a well written piece and a good read regardless.

Review 5:

This one is strictly for enthusiasts of the Dragon Age games. Easily the best of three Dragon Age books written by David Gaider. It follows the events of the Dragon Age 2 game and sets the stage for the Dragon Age: Inquisition game. Among the highlights: (1) the characters of Wynne and Shale from the Dragon Age: Origins game play prominent, central roles in the plot; (2) the character of Cole, who is a playable character in Inquisition, is introduced. Each of the tie-in books elaborates on some aspect of the world of Dragon Age. In Asunder, the "science" governing magic is a key focus along with the controversies regarding the Rite of Tranquility and also, the institution of the Seekers which is supposed to supervise the Templars in their supervision of the mages.
