## Off Course

Renner Caldwell has her life perfectly mapped out. She has the ideal relationship, the perfect job and all is right in her world. When a shameful turn of events happens, she boards the first plane bound for Ireland to lick her wounds and get her head back on straight. Cillian O'Braidagh is the sexy, front man to the Irish rock band, Over The Edge. His rising fame and sultry voice make him every woman's fantasy come true. Not to mention his single-minded determination. To put it simply: what Cillian wants, Cillian always gets. And he wants Renner, because there's just something about the flame-haired beauty he has to possess. If their relationship was just a

**What others say about this ebook:**

**Review 1:**

**What a good book.**

**There's not much else to say that I haven't already said about Sawyer Bennett and her writing, especially for the Off Series and while this one isn't my favorite of the series (the second one - Nix and Emily's story - holds that title), this was another solid story. I couldn't help but feel heartbroken for the MCs throughout. The writing is superb and the storyline flows wonderfully.**

**I'm ready for Flynn's story now!**

**Review 2:**

**This book, as with all the books in the Off series was an easy read. The story of Renner and Cillian follows all the others in the series - boy meets girl, one has doubts, realizes they are in love and all ends well, with a few steamy sex scenes. Easy, toe curling love story.**

**Review 3:**

**This was a good romance story.....with an even better ending.**

**Review 4:**

**Renner and Cillian. Don't you just love the names?**

**The fourth book in The Off series and they just keep getting better. You don't have to read all the books to enjoy each one, as they are all stand alones, but each couple is intertwined in the others lives in some form or fashion. You'd be missing some really wonderful stories and amazing characters if you don't read them all.**

**Review 5:**

**With this book, I finally understand why Sawyer Bennett has such a high ranking on Amazon as a writer of Erotica. This book has numerous, hot, erotic moments, without that feeling of discomfort on my part that either character is being demeaned in some way. There are a lot of sexy-times, and lots of detail, and here, it worked for me.**

**The chemistry between the heroine Renner and the hero Cillian is instant and quite well written. She resists him at first for good reasons and so the opportunity is there for them to get to know each other while he is busy trying to crumble her defenses against him. Once she gives in to her attraction toward him, the relationship is hot, his sexy lead is erotic, and I really enjoyed their road to love-discovery.**

**Sawyer Bennett's writing in this Off Series really appeals to me, and I look forward to reading more of her books.**
