What others say about this ebook:

Review 1:

This map was exactly what we needed for our trip to Charleston. It arrived on time and as described.

Review 2:

I have used Streetwise maps many times. Very nice for pedestrian use. They fold easy, resist wear and tear and have most of the notable landmarks on them. Laminated so its ok if it rains a little. Great little tools to have on your travels.

Review 3:

This was an incredibly handy map to stick in my pocket. It was very accurate and easy to pull out and use quickly while walking around Charleston....always found my destination...on foot and in the car. Usually use maps on my I-pad but this was easier on the run!

Review 4:

Extremely helpful for a recent trip to Charleston. It has the points of interest for tourists. It even had our hotel on this map, which helped a lot as point of reference. We walked to the places we were interested in seeing for the first 3 days of our trip.
