America the Beautiful The Photography of Clyde Butcher 2017 Engagement Calendar

For more than 50 years Clyde Butcher has been creating exquisite black and white photographs of the untouched natural landscapes of North America. Butcher's stunning photography transports the viewer into the primordial beauty of expansive horizons, endless vistas, and seldom seen splendor of the wi

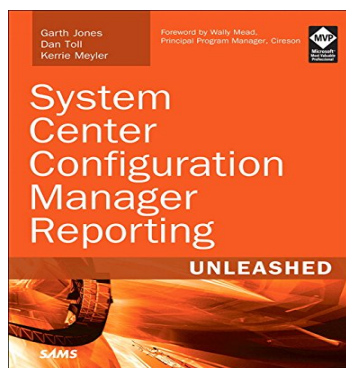

Beyond Sympathy: What to Say and Do for Someone Suffering an Injury, Illness or Loss

When a loved one loses a loved one it is difficult to know what to say. Sympathetic words seem so inadequate to express the sense of loss we share. How can we get beyond the sympathetic words to actually do something that will help with the grieving process?

H. L. Mencken: the Days Trilogy, Expanded Edition: (Library of America #257)

A major literary event: Mencken's dazzling autobiography, with 200 pages of his own never-before-published commentary and photos. In 1936, at the age of fifty-five, H. L. Mencken published a reminiscence about his boyhood in The New Yorker, beginning a long and magnificent adventure in autobi

What others say about this ebook:

Review 1:

This book is very helpful when talking about sensitive subjects. It has wonderful questions to get the conversation going. I love the glossary at the end and all the terms that it addresses. This book is full of very useful information. It helps a parent feel more comfortable talking about sex with their teenagers. I love the positive approach that it takes.

Review 2:

The entire series of "30 Days of Sex Talks" is fantastic!!! Addressing everything from proper body part terminology to discussing how family values play into sex and relationships, this book is a wonderful tool for parents and helps structure conversations about sex in a meaningful and deliberate way. Kudos to Dina Alexander and the rest of the authoring team for creating this series. See also books for ages 3-7 and 8-11.

Review 3:

My favorite thing about these books is that they provide a guide and an opening to a deeper conversation. They don't give you moral guidance - that's up to you as a parent, but they do help you to start the conversations and to remember the breadth of topics to cover. Do yourself a favor, and educate yourself so you can educate and empower your kids to choose for themselves what behaviors are okay for them and not be pressured into participating in behaviors they weren't even aware were "a thing."

Review 4:

It's possible that the books are great, but I bought the Kindle version and the print is in a very light gray that is extremely hard to read. There's no option with this book to change the print size or color. The books are basically useless.

Review 5:

Couldn't be happier to have this book in our house. Very important as children are always curious, but might be afraid to approach parents. I can definitely say it is a great way to open the doors of communication on a topic some are afraid to discuss!
