Ohio State University Football Vault (College Vault)

In the Ohio State University® Football Vault™: The History of the Buckeyes®, Ohio State Football Radio Network commentator and football speaker Jack Park takes you on a memorable journey through more than 100 years of Buckeye football. The detailed scrapbook narrative contains neverbefore- published vintage photographs, artwork and memorabilia drawn from OSU s extensive campus archives. Tucked into dozens of sleeves and pockets, fans will find reproductions of old game programs, historic tickets, bumper stickers and more. These fascinating replicas include a formation diagram for the band s famous Script Ohio, a letter from President Gerald Ford to Woody Hayes and those classic

Raising Genius

Wishing your child will one day establish a rewarding career is every parent's hope. Taking steps to accelerate and aim your child's academic performance in a highly rewarding direction is uncommon. Our world has already changed in ways that negate traditional approaches to college and career pursuits. A child's often whimsical interests may not play well in an economy that is demanding, specific, and globally competitive. This book focuses on preparing children for a globally competitive economy wherein specific disciplines are highly rewarded. Helping prepare children for options in tomorrow's world is the key objective. With a little effort, guidance, and assistance on your part, life options for your child can be dramatically improved. *Raising Genius* is an intentional treatise. Many might dismiss your child's academic and career success as the result of having a genius IQ, but this is not usually the case. Often what we see as "genius" is the result of focused and applied work over time. In *Raising Genius*, the author provides methods, guidance, and strategy to help parents set their children up for academic and career success ... success that will enhance options for your child. Brian Avery and his wife, Marina, have three children with varying academic credentials, each tracking toward rewarding careers. After entertaining questions about how their children performed as well, and listening to dismissals that not everyone can be a genius, the author is sharing the approach he and his wife took. He is an environmental manager for a steel company in Alabama. Both he and his wife have a formal education in engineering. This is his first book.

Surfing in the Movies: A Critical History

Since a Thomas Edison crew shot Waikiki beachboys in 1906, the visual delights and cultural curiosities of surfing have fascinated filmmakers. That relationship is the subject of "Surfing in the Movies," the first full-length work to combine the historical details of surfing's

What others say about this ebook:

Review 1:

Not in the condition advertised.

Review 2:

Great book with cool little memorabilia inside. This is was in rather rough shape though.

Review 3:

I bought this for my dad for christmas. He loved it. It was a much better price on Amazon and it is filled with some much history. I think I need to get myself one. Its a must for any buckeye enthusiast.

Review 4:

**i m very satisfied with the product as with others you produce. Represents new and inovative way to interact with your sport or school.Also happy with the rapid response of you and Amazon.
Don Blascak**

Review 5:

I recently purchased this item for my g/f's grandfather, who loves OSU and also loves history. Needless to say, he was thrilled! Thanks so much.
