**What others say about this ebook:**

**Review 1:**

Great prep for the DAT exam, used this mainly for the practice tests inside. Wish they included more tests for practice.

**Review 2:**

Product was just as described and in great condition. Shipping was really fast. Great transaction!

**Review 3:**

I was very pleased with this DAT study guide and it has been an immense help in preparing me to take the DAT. I'd recommend it to anybody

**Review 4:**

I have used an OAT book for prep before, but it was getting kind of old, and this one is in color. Everything is about the same, but these pages are much better and in color. Also, they made a few theories and practices a bit clearer. I'm using this to study for the OAT. Although this doesn't have a physics section, I am using the physics section from my old OAT book.

**Review 5:**

Kaplan DAT is the easiest way to review important subjects for DAT exam .I have found it very helpful and advise the book to everyone that has not enough time to attend the DAT class .
