Stalking Ivory: A Jade Del Cameron Mystery

On a photography assignment in the northern territory of Mount Marsabit, American adventuress Jade del Cameron and her friends hope to film the area's colossal elephants. Instead, they discover the mutilated remains of four elephants and a man. Although the authorities suspect Abyssinian poachers and raiders in search of ivory and slaves, Jade has her own suspicions. Could it have been Harry Hascombe, her nemesis and unremitting suitor? Soon the Kikuyu boy accompanying her is captured by slave traders. Ultimately, it will take all of Jade's mettle to rescue her guide from slave traders, protect the animals, and expose another kind of beast.

What others say about this ebook:

Review 1:

Like Nancy Drew for grown-ups; a fun read.

Review 2:

Love the strong, independent, female lead. Africa, and the 1920's time period make a fascinating back drop for the adventures. Can't wait to read the next installment.

Review 3:

Awesome story. If you've ever dreamed of going to Africa or have ever been you have to read this book.

Review 4:

This is the second in a series of six books written by Suzanne Arruda, and the author does not disappoint. The heroine is Jade Del Cameron, a World War I veteran (she drove ambulances on the front in Europe) now residing in British East Africa. She comes across a handsome, and occasionally scoundrel, Harry Hascombe, an English professional hunter. Jade works for a magazine as a freelance writer, and sends back stories about traveling in Africa. While visiting the Marsabit territory to write a story about elephants she comes across the carcasses of elephants, the victims of poachers. She also finds a murdered Askari, a gunbearer working for the government. Jade sets out on a mission to learn who the poachers are and stop them. She is aided by American film-maker Sam Featherstone, and her friends Avery and Beverly.

Ms. Arruda writes with tongue-and-cheek style. She utilizes words of their day back in early turn of the century. While reading her book I feel like I am actually in Africa, and my wife and I have placed the continent on our must-see list when we retire. I am also an author and writing an action book which takes place in Africa. I find Ms. Arruda's books entertaining, and helpful for the research I need. I highly recommend this book. It will take you to a far away place, relax your mind, and leave you feeling as though you were part of the adventure.
