Paranormalcy

Evie's always thought of herself as a normal teenager, even though she works for the International Paranormal Containment Agency, she's falling for a shape-shifter, and she's the only one who can see through glamours. But now Evie's dreams are filled with haunting voices and

Mediating Human Rights: Media, Culture and Human Rights Law

Drawing on social-legal, cultural and media theory, this book is one of the first to examine the media politics of human rights. It examines how the media construct the story of human rights, investigating what lies behind the apparent media hostility to human rights and what has become of the orig

3, 2, 1...Married!: Miracle Bride, The Single Daddy Club, Getting Personal

The countdown has begun. Three marriage-minded women have set their sights on becoming brides. And they're following Prominence magazine's surefire list of ways to meet the grooms of their dreams. How to hook a husband when time is of the essence? Prominence says "Catch a Cowboy!"

What others say about this ebook:

Review 1:

If you're doing genealogy, this set is a must! Also good for all levels of knowledge.

Review 2:

This and the other volumes in this set is an outstanding resource and a must-have for anyone wanting solid research of these lines. While expensive, it saves a great deal of time and frustration to have in your personal library.

Review 3:

This book and the rest of the volumes are an essential part of a genealogist's library.

Review 4:

This is "required" reading for any serious genealogist. Be aware, Volume A is actually TWO volumes, with one containing the muster. The books are chock-full of the information you need for joining specific organizations.

Review 5:

This series provides a wealth of information about early Virginia immigrants, all well documented. It covers not only those who came to Virginia from 1607-1625, but also follows their successive descendants, often for 5 generations. So even if the individuals you are researching did not arrive in Virginia that early, if they married into families that did come from 1607-1625, you will find them in this series, containing a total of 4022 pages, including the thorough index. Do be aware that the alphabetical breakdown for Volume One (Families A-F) is published in 2 separate parts which must be purchased individually. Although the title calls both "Volume One Families A-F," Part A is A-Ch, and Part B includes families CI-F. The title for these two parts is somewhat misleading and could be handled better. You're buying 4 books, and they should be labeled Volume One, Volume Two, Volume Three, and Volume Four. Nevertheless, that is a small issue. The series costs over \$270, but is so rich in well-sourced information, the price is definitely a bargain.
