What others say about this ebook:

**Review 1:**

Loved it! Very fun read for beginners looking to learn about some popular fetishes

**Review 2:**

It was a paperback instead of a rubber cover but for the price it was definitely worth it.

**Review 3:**

This book makes a great paddle as well as a great read. ;) My friends are always checking it out. Even I learned a few things.

**Review 4:**

I found this book more or less by accident, and got it free on a buy 3 get the 4 book for free day. I found the info usefull because there was a lot I didn't know, and I had always been interested. it's a very good book, and I don't have anything bad to say about it.

Other then don't let your vallila parents find it :p

Sadly my mom and dad found mine and thew it away,

And it has taken me forever to find a new one.

**Review 5:**

This book was very good, details were right on and the examples were fantastic, however if this book could have been a bit longer with a bit more fetishes involved it would have been perfect. I highly recommend this for anyone interested in learning about fetishes.
