Coaching Life-Changing Small Group Leaders: A Comprehensive Guide for Developing Leaders of Groups and Teams (Groups that Grow)

Small groups transform churches—and lives. Small group leaders often feel the weight of shepherding their small group members. But who shepherds the shepherd? Small group coaches fill a unique role by providing support and guidance for group leaders. When you're called to coach a small group leader in your church, your mind may be filled with questions: Am I godly enough? What do I have to offer? How do I begin? Although the challenge seems immense, Bill Donahue and Greg Bowman break down the work of coaching small group leaders into achievable steps. This expanded and updated edition offers field-tested and biblically supported advice on such topics as modeling a surrendered li

"Without Art, the crudeness of reality would make the world unbearable."
- GEORGE BERNARD SHAW

Most advice given to Artists is painful. Follow your passion. Do what you love and the money will follow. These quotes are meant to inspire. They're comforting. But I call bull. Passion isn't going to pay your student loans.

The Money of Art shows you the real way to earn a living as an Artist today. You'll see why following your passion is bad advice, why you should think about money from the start, and how, no matter what your medium, it's a writer's world.

When you're done, you'll learn how to think about your work, how to build a fan base so you never have to worry about customers OR price. And ultimately, if you choose to, how to dance with the devil and work with corporations.

The Money of Art is part instruction manual, part practical philosophy guide, for any Artist who's ever dreamt of doing it on their own.

The Last Child: A Novel

Winner of the 2010 Edgar Award for Best Novel John Hart's New York Times bestselling debut, The King of Lies, announced the arrival of a major talent. With Down River, he surpassed his earlier success, transcending the barrier between thriller and literature and winning the 2008 Edgar Award for best

Ringside, 1925

Take a ringside seat at one of the most controversial trials in American history. The year is 1925, and the students of Dayton, Tennessee, are ready for a summer of fishing, swimming, and drinking root beer floats at Robinson's Drugstore. But when their science teacher, J. T. Scopes, i

What others say about this ebook:

Review 1:
Helpful.

Review 2:
This a great resource for small group coaches and their training. We have been using Bill Donahue's Coaching Life-Changing Small Group Leaders for years and this latest edition, though not as resource rich as the older edition, is concise and well-edited and also has new material. Well worth the price.

Review 3:
Great book for small group coaching. Can be used as a manual with chapters read out of order. Lots of information. Proper packaging and shipping.

Review 4:
The digital version of this book I'll give a three. There is a lot of practical information which is exactly what I was looking for: questions to ask, conversations to have, etc, etc. but the digital copy definitely isn't the way to go. This is a reference book you'll want to mark up, write in the margins, and highlight for quick reference and I don't think you get that with the digital copy - so buy the hard copy.

As to the content, it was good, but it was also very repetitive. I found myself skimming some because I felt like I'd already read it previously in the book. While I don't have other small group books to compare it to, I'd say it's probably an average book.

Review 5:
The book is ok. It's not bad, but I can't imagine it's the best book on the subject. Nearly every page has bullet points or number lists. In fact, the entire book is one list after another. I think this makes the ideas difficult to remember, because it treats every concept as equally important.

There were some helpful reminders in the content, such as the need for a coach to be a good, active listener. The tips on being a good listener could apply to more than just coaches. I also found some of the tools to be potentially helpful.

Overall, I think this book may be a good resource for putting together your own coaching training. I would be hesitant to give the book to a new group leader coach...it could be unnecessarily overwhelming.
